

MOBILE HYDRAULIC CONNECTORS

VALVE CONNECTORS FOR MOBILE APPLICATIONS

Many leading valve manufacturers in the field of mobile hydraulics are currently updating their connection concepts. Instead of the old-fashioned (rectangular) valve connectors compliant with DIN EN 175301-803, they are increasingly recommending alternatives with Deutsch or SuperSeal connectors.

At the same time, users are placing more and more importance on connectors that have a fixed, pre wired, and sealed cable jacket. These pretested cordset not only save machine builders time during installation and troubleshooting, but are also robust and sealed, making machines fail-safe and durable even under extreme conditions. Murrelektronik has impressive high-quality solutions for both of these connector series.

1

MDC – MURRELEKTRONIK DEUTSCH® CONNECTOR

Murrelektronik MDC connectors are pre-wired valve connectors, which are 100 percent compatible with Deutsch® DT connectors. Even though the cables are connected to the housing and fully sealed, the connector is as compact as possible. The integrated corrugated tube connection puts an end to improvised solutions and has a professional look and function.

- 100 % compatible with the Deutsch® DT series
- Fully potted for maximum sealing and vibration resistance
- Corrugated tube connection and compact connector size
- Potted, abrasion-proof, and durable PUR sheathed cable

COMPACT

	Description	Art. No.
	MDC06-2S, compatible with DT06-2S	7072-72011-754xxxx
	MDC04-2P, compatible with DT04-2P	7072-72301-754xxxx
	MDC06-3S, compatible with DT06-3S	7072-72081-564xxxx
	MDC06-4S, compatible with DT06-4S	7072-72161-569xxxx
	MDC06-6S, compatible with DT06-6S	7072-72221-572xxxx
	MDCY06-4S, y-distributor	7072-72191-754xxxx

2

MSC – MURRELEKTRONIK SUPERSEAL CONNECTOR

Murrelektronik MSC cordsets are pre-wired valve connectors that are 100% compatible with the SuperSeal connectors size 1.5. A clever locking mechanism saves time during installations, and the connectors are highly resistant to vibration and shock. The integrated corrugated tube connection puts an end to improvised solutions and has a professional look and function.

- 100 % compatible with the SuperSeal series 1.5
- Fully molded for maximum sealing and vibration resistance
- Compact connector, integrated corrugated tube connection
- Pre-wired, tough, abrasion-resistant PUR sheathed cable

	Description	Art. No.
	MSC1.5-2S, compatible with AMP SuperSeal housing with 2-pin socket contacts	7072-73001-512xxxx
	MSC1.5-3S, compatible with AMP SuperSeal housing with 3-pin socket contacts	7072-73081-513xxxx
	MSC1.5-4S, compatible with AMP SuperSeal housing with 4-pin socket contacts	7072-73161-514xxxx
	MSC1.5-4P, compatible with AMP SuperSeal housing with 4-pin socket contacts	7072-73301-512xxxx
	MSC1.5-3P, compatible with AMP SuperSeal housing with 3-pin socket contacts	7072-73381-513xxxx
